invites you to the workshop**

SHAPING SUSTAINABILITY TOGETHER – CLOSING THE GAP BETWEEN DATA, TEACHING AND LEARNING FOR THE SDGS

**LET'S NOT JUST
TALK ABOUT
CHANGE
LET'S CREATE IT,
TOGETHER.**

Purpose

- This interactive hybrid session will bring together educators and researchers to explore how sustainability is understood by students, taught by staff, and how we can better connect the two.

Agenda

- Key insights from WP3 seed project results CRESD (students) and BASE (academic staff)
- Open discussion on gaps between data, teaching, and learning
- Co-creation of practical solutions
- Presentation of upcoming initiatives: SDG MOOC, International Program in Sustainability for students (minor in sustainability), and the SDG Academy as part of EUGREEN2.
